How the Subscription works:

We now offer two tiers of service. The Elite Pro is highly recommended for the best experience like what you are used to with DirecTV or any of the other major streaming companies. See Comparison Guide at the end of this document.

💎 Elite Pro Subscription (Recommended)

- 🔥 \$49/month — 1 Stream
- 🔥 \$69/month — 2 Streams
- 🔥 \$89/month — 3 Streams
- 🔥 \$109/month — 4 Streams

⚡ Essential Subscription (Standard)

- 🔥 \$39/month — 1 Stream
- 🔥 \$59/month — 2 Streams
- 🔥 \$79/month — 3 Streams
- 🔥 \$99/month — 4 Streams

What is a "Stream or Connection"?

It depends on how many TVs you watch at the same time. For example, with 1 stream, if you move from the living room to the bedroom, the living room will cut off. Most people start with 1 or 2 streams and upgrade later!
